DESCRIPTION/OPTIONS: The 2013 ES 350 is Lexus' high-volume luxury sedan that continues topping the brand's passenger car sales chart month after month. This luxury vehicle offers a smooth, comfortable ride. The ES 350 works for consumers who simply want a comfortable, competent car. It's an ideal cruiser for the open road because its soft suspension allows it to glide over potholes and bumps, and its quiet and comfortable cabin result in a relaxing ride. The power comes from a 268-horsepower 3.5-liter V-6 with dual variable valve timing and 248 lb-ft of torque, backed by a six-speed automatic. Packed with standard amenities, the ES 350 comes well-equipped with a moonroof, push-button start, and smart key access, in which the vehicle recognizes each key fob and adjusts the seats, mirrors and steering wheel based on what a particular driver with that specific key fob set them to. I just bought this car in West Palm Beach, Florida. It has never seen a Maine winter. No rust.
