**DESCRIPTION/OPTIONS:** The 2011 GMC Terrain has a comfortable and stylish interior, a smooth ride and one of the best fuel economy ratings in the class, making it a great choice among used 2011 compact SUVs. The broad-shouldered design and inyour-face grille can be a little easy on the eyes. The Terrain is relatively agile and sporty on the move. Its base Ecotec 2.4-liter four-cylinder engine comes with an "eco" mode that lowers torque converter lock-up speed with a console push-button to save fuel. This 2011 GMC Terrain is an AWD SLE with low miles. It has power windows, power locks, cruise and lots more. New tires and a brand new sticker!
